The free hosting Plan includes

- Disk Space : 2000MB
- Bandwidth : 100GB
- Domains : Unlimited
- Email Accounts : 2
- MySQL Databases : 2
- Subdomains : 2
- Parked Domains : 2
- FTP Accounts : 2
- Server Speed : 10 mbps
- Server Memory : 8 GB
- Server Processor : Xeon E3-1230
- Server OS : CentOS 6.2

Order your free hosting

Even if the free hosting services are available and the features available are impressive i won't prefer you to buy a free hosting for your website. If you are seriously managing your website, i prefer you to buy a paid hosting. Since the free hosting service have many drawbacks. If you are starting your website and no money to spend, then only go for a free hosting, but if so, do regular backups of your files and databases.
