Bottom line

BSNL last month introduced two new annual plans for its customer on PAN India basic. The two annual plan comes with 365 days validity and have some difference in the usage only.

BSNL last month introduced two new annual plans for its customer on PAN India basic. The two annual plan comes with 365 days validity and have some difference in the usage only. This plan were introduced as part of Diwali offer as reported by the TelecomTalk. The company introduced the two plans in order to compete with Reliance Jio's annual plan.

The new plan from bsnl comes with a pricing of Rs. 1,699/- and Rs. 2,099/-. BSNL also now following Jio's strategy to keep their customers under their network for long time by providing long validity recharge. As a result of the easy of MNP procedure in India now, more and more mobile users are switching their network now.

To avoid this telecom companies are introducing the annual plans, which will force customers to stay in the same network till the validity ends. It is now one month since BSNL introduced the Annual plan and Rs. 2,099 Plan is now becoming popular. Those who regularly do recharge can now opt this plan, so that they only need to pay an average amount of Rs. 5.75/- per day for unlimited data, call, SMS etc.

BSNL Annual Plan 2099 Benefits

This plan as mentioned will give you full 365 days validity. During this time, users will get unlimited data. Out of this unlimited data usage, customers can enjoy 4GB of high speed data per day. After 4GB speed will be reduced to 80kbps. Apart from data, it also provides unlimited calls to any network without any daily or monthly cap. Also this offer giving 100 SMS per day along with Personal Ring Back Tone (PRBT) with unlimited song selection.

BSNL Annual Plan 1699 Benefits

This plan also provides all the benefits of Plan 2099, where only difference is the data usage. This plan gives unlimited data with daily 2GB in high speed and there after speed will reduce to 80kbps. It also provides unlimited calls to any network and 100 SMS per day. Unlimited song selection for Personal Ring Back Tone also available for this plan for the whole 365 days.

Even Though both the plans are economical for those who does recharges regularly, one thing to be noted is that. BSNL has not implemented 4G network officially. They are now testings and giving initial roll-out in selected places mainly in Kerala and Gujarat. If you are still using 3G SIM card and the available network in your area is 3G, then you cannot use 4GB data effectively. In that case Rs. 1,699 plan will be better.

In your region have BSNL 4G network available, then upgrade your SIM with the 4G SIM card and then you can recharge with Plan 2099 to enjoy 4GB high speed data per day.
