In brief

Facebook recently started Video calling facility in their updated Messenger and now it made available to all the users around the Globe. This feature will be available on all Platform and users can make video call to any platform.

Facebook recently started Video calling facility in their updated Messenger and now it made available to all the users around the Globe. This feature will be available on all Platform and users can make video call to any platform. But the Video calling facility still not available in India Yet. Report says that Indian Users have to wait some more time to get the new Feature.
