In brief

The trend of online chatting has never witnessed a setback since its introduction. On the contrary, since the first chat room was created, the demand and popularity of online chat have increased daily.

The trend of online chatting has never witnessed a setback since its introduction. On the contrary, since the first chat room was created, the demand and popularity of online chat have increased daily. From there on, the world of online chatting has been expanding. It is all getting bigger and bigger with time.

What is Chatzy and Chatzy Rooms?

These days, Chatzy is one such platform that allows conducting private online chats through free private chatzy rooms. Moreover, Chatzy is a tool that will enable the creation of a prompt private chat room with a quick conversation with anyone worldwide. Apart from this, Chatzy lets you create virtual chat rooms with additional features to enjoy.

To simplify it, we can say that Chatzy is a free private chat platform you can use as an alternative to Facebook, WhatsApp, etc. But we are not saying you can replace Facebook or WhatsApp with Chatzy. Instead, Chatzy mainly focuses on offering private and privacy-oriented chat features to its users without registering.

The main features of Chatzy include the following:

- Chatzy offers free instant chat without any registration.
- Chatzy offers a popup ad-free experience.
- You can use chatzy for private chat and messages without any downloads and installations.
- Chatzy can be used on any browser easily.

Indeed, you can use both of these chat rooms for free. Apart from the free offerings, Chatzy offers a paid premium service also. If you want to experience premium facilities on these options of creating chat rooms, a subscription to Chatzy is mandatory as it will unveil excellent possibilities.

A premium user of Chatzy has to make an account with their email identification address. After that, it will give them access to unlimited rooms, private messages, and no advertisement displays. You get to enjoy greater control over what happens in the free private chat rooms and even the ability to invite any number of participants to their chat rooms.

Chatzy Premium service is available in three subscription models. A 3 months plan, a six months plan, and a full-year plan.

- For 3 months plan, you can pay \$10/3 months or \$3.33 a month
- For the 6 months plan, you need to pay \$15/6 months or \$2.50 per month
- And for the one-year plan, you need to pay \$24/year or \$2.00 per month

This platform has been famous for its exclusive features with free and subscribed options. These rooms allow the chatters to enjoy unique benefits and get the most from their brilliant chat experience. Indeed, the subscribed option allows for sending private messages to any users within the room.

Before checking the creation of private chat rooms on Chatzy, we would like to tell you that you may find some other online chatting services with a similar name like this Chatzy, say Chatzey, Chatzi, etc. But they are not associated with Chatzy by any means.

How to create a private chat room on Chatzy

You can create a private chatzy room to exchange personal messages with respective groups of people within the group. The private room requires you to monitor specific guidelines with various chat rooms available. These steps are as follows:

- First, you must have a valid email id to register for private chat rooms.
- Then, you need to fill out a form that asks for the title or topic of chatting and customizing your message room.
- In terms of privacy, you can define the entrance to everyone knowing your email address, users with a confirmed email, or even the specifically invited one.
- Setting your private chat room's skin, stylizing like denoting a background color or a shade to writing style, and other prospects.
- Finally, you have to set up an administration panel by deciding over a password, filling in your email id, and securing access with some questions that the owner can only answer.

Getting the Nerve of Chatzy

The platform Chatzy is an ideal option for retaining class conversations that can be accessed by the invited participants only. Once users get the heck off its exclusive commands, having a wonderful chat experience is sure. You can enjoy rolling dice, sharing an image, flipping a coin, sharing videos, and even sending emojis.

The security that allows invited participants to join a conversation in the free private chatzy rooms makes it an ideal choice. Moreover, it keeps the discussion limited to specified participants only. Moreover, being simple to operate, Chatzy is becoming quite a popular platform for having a safe chat room for you only.

Creating free private chat rooms will enable you to invite restricted people and control the chat room through commands. Chatting has become more of a fun and safe manner with Chatzy, without a doubt. What makes it more interesting is that you do not get disturbed by popup ads in the middle of your chats.

Online chatting is all about connecting with people on the global front. In this manner, you can find friends online, exchange ideas, and develop a community. Indeed, it is one of the best ways of establishing an online network.

All About Inviting People to Chat

Inviting people to your free private chat rooms is not a hard nut to crack. First, you must go over the front page, enter a name, fill in your email address for sending an invitation, and choose a topic for chatting. Then, the invitation is sent immediately.

On the other side, you can send direct invitations from your chat room by clicking on the invite people section. Further, you have to fill out the form that appears after that.

Creating "My Rooms" will unveil various rooms that get saved automatically. Moreover, you can select preferences for every room in color and name. Now, this makes the idea of chatting at Chatzy to be a fun-filled activity.

In this way, you will identify the room left yesterday. Besides this, you can set permissions for invitations that allow only registered users to send an invitation and no one else in general. All these safety options will surely enable you to have a secure chat at Chatzy.

Special Features of Private Chat Room

Free private chat rooms in Chatzy have exceptional features that make your chatting experience wonderful and secure.

- Moderator Notes
- Visitor Status
- Private Messages
- Locally Saved Messages
- Global Messages
- Personal Messages
- Room Board
- Multiple Choice Questions
- Preview Mode
- Closing Chat Briefly
- Silence Newbies
- Ignore Visitors
- Highlight Words
- Show the Location

Secured Chatting at Chatzy

Regarding securing your chat, Chatzy does not install any program on your system. Instead, it relies more on the JavaScript commands carried out by the Internet browser you use. Thus, it is quite contrary to other chatting platforms that ask you to install specialized messaging programs that may have a virus in them.

Apart from this, Chatzy does not transfer any virus from a single chatter to another in the free private chatzy rooms. All you can see is the sharing of plain, secured text. Indeed, the embedded codes and HTML tags are filtered for virus check before moving.

In this way, you can rest assured of the fact that chatting at Chatzy is entirely secured. Therefore, you do not have to fear malware attacks on your laptop or computer.

Things to remember while joining Chatzy

Since Chatzy is known for its anonymous and private chat feature, many people are using it for sexual and pornographic communications against the guidelines of Chatzy. Even though the chats are private, the accounts may get banned if they receive any reports of violation of terms and policies. So while using the Chatzy private message, follow the guidelines.

Is it safe to use Chatzy?

Chatzy, as a platform, you don't have to worry about any security issues and consider it safe. However, several term violation usage has also been identified on the other side for multiple reasons. So always make sure to chat with someone trustable. If you are going to chat with an extraordinary person, do not disclose any sensitive information which can harm you. Always keep yourself in a safe area while using any online chatting platform, which gives you 100% anonymity.
