## Quick answer

Today, in this article, we will check how to watch Soap2Day App on Roku and all the details regarding Soap2Day and Roku TV.

Today, in this article, we will check how to watch Soap2Day App on Roku and all the details regarding Soap2Day and Roku TV.

## What is Soap2Day App

Soap2Day is a one-stop entertainment app that allows users to watch the latest movies and TV series on any internet-connected device like a smartphone, smart TV, tablet, or computer. The app offers streaming content without downloading any files. All you need is an internet connection with decent speed.

## How to Watch Soap2Day on Roku?

The main issue Roku users are experiencing is the unavailability of the Soap2Day app on Roku devices. So, in this article, we will explain how to watch Soap2Day on Roku.

Since the Soap2Day app is limited to Android, iOS, and Windows, you won't be able to install the Soap2Day app on Roku devices. However, you can watch the content via the Screen mirroring option.

## Watch Soap2Day content via screen mirroring on Roku Devices

Before enabling the screen mirroring on Roku, ensure you have an Android or iOS device and your smart tv connected with Roku. Also, ensure the Roku and smartphone are connected to the same WiFi.

First, you must enable the screen mirroring option on your Roku device. To do so,

Turn on the Roku device, navigate to settings, then System, and select the screen mirroring option. Now set the screen mirroring mode to Prompt.

Now, you can cast the Soap2Day app content to your smart TV from Android and iOS devices.

## Cast Soap2Day Content form Android

Step 1: Turn on the Smart TV with the Roku device connected to it.

Step 2: Open the Soap2Day app on your Android device and select the movie or TV show you wish to watch.

Step 3: While playing the content on your Android device, you will find a cast icon at the top right side of the screen.

Step 4: Tap the icon to see all the smart devices available for casting. Select the Roku device from the list.

Step 5: Now a notification will pop up on your Roku device; Select the Allow option.

Step 6: Done; the content will now start playing on your Roku device from the Android phone using the screen casting option.

## **Watch Soap2Day app on Roku From iOS**

Make sure to install the Soap2Day app on the iOS device before proceeding.

Step 1: Turn on the Roku device and connect Roku and iOS to the same Wifi network.

Step 2: Open the Soap2Day and play your desired movies or TV show.

Step 3: While playing, you will see the Airplay icon on the screen (same as cast on Android).

Step 4: Tap the AirPlay icon and select the Roku device from the list.

Step 5: You will get a notification on the Roku screen now. Tap on the Allow option.

Done. Now the casting on iPhone is completed, and you can watch the Soap2Day movies and TV Shows content on the Roku device with the help of iPhone now.
