In brief

Get the path of the image chosen from library using the following code in using Image Picker ViewController.

Get the path of the image chosen from library using the following code in using Image Picker ViewController

```
- (void)imagePickerController:(UIImagePickerController *)picker
didFinishPickingImage:(UIImage *)img
editingInfo:(NSDictionary *)editingInfo{
[picker dismissModalViewControllerAnimated:YES];
NSURL *imagePath = [editingInfo objectForKey:@"UIImagePickerControllerReferenceURL"];
NSString *imageName = [imagePath lastPathComponent];
NSArray *paths = NSSearchPathForDirectoriesInDomains(NSDocumentDirectory, NSUserDomainMask, YES);
NSString *documentsDirectory = [paths objectAtIndex:0];
NSString *localFilePath = [documentsDirectory stringByAppendingPathComponent:imageName];
NSLog(@"localFilePath.%@",localFilePath);
}
```

Here localFilePath variable will contains the full image URL of the file chosen.
