Quick answer

If you are looking to set a lock screen message on your Android mobile phone, follow the below steps to get it done. It is simple and useful in case if we need to add a short reminder on your lock screen without any additional application.

If you are looking to set a lock screen message on your Android mobile phone, follow the below steps to get it done. It is simple and useful in case if we need to add a short reminder on your lock screen without any additional application. Just follow the below steps to set a custom message so that it can be seen before unlocking the mobile.

Step 1: Go to the settings on your Android Mobile

Step 2: Click on the security option from the settings
