In brief

SunNXT is a streaming service from the Sun Network that offers movies, TV series, and live TV channels in Tamil, Malayalam, Telugu, and Kannada. It is ideal for South Indian content fans, with affordable subscription plans starting at Rs.

In India, there are so many streaming services available including Netflix, Amazon Prime Videos, Hotstar etc. All the streaming services are available with both local and international contents. Out of them Netflix, Prime Videos, Hotstar are the most popular one. We explained in details about these three services earlier.

Now, here we are explaining about a South Indian based streaming service and Live TV called SunNXT. The regional streaming service is from the Sun network which contains movies and other programs in Tamil, Malayalam, Telugu, Kannada languages.

Sun network is one of the popular channel networks in the southern states such as Tamil Nadu, Kerala, Telangana State, Andhra Pradesh and Karnataka. They own so many channels under general entertainment, movies, news, music etc in all these four languages.

SunNXT is an integrated streaming service with their own contents from all their channels and all the movies they own the rights. As a result one who has the subscription for SunNXT can enjoy all the contents including movies, tv series and all the live tv channels of sun network along with few other channels.

As we mentioned above, the service will be good for those from the southern India and it should be noted that SunNXT doesn't contain any program or movies from other languages including Hindi and English.

If you are a fan of Sun network channels and their programs, then you can take a subscription of SunNXT and enjoy all the programs, movies and live tv from anywhere. The subscription of SunNXT is also very cheap when compared to other streaming services.
