PDF Editor is the application that provides vital functionalities and features such as merging, converting, splitting, and even editing PDF documents, to work on PDF documents. You can also find several online PDF editors for your overall PDF requirements easily.

PDF Editor is the application that provides vital functionalities and features such as merging, converting, splitting, and even editing PDF documents, to work on PDF documents. You can also find several online PDF editors for your overall PDF requirements easily. PDF is famous among businesses because of its great features to maintain the same formatting regardless of hardware and OS. So, businesses need PDF editing software to revise or create PDF files.

The best online PDF editor will help the business with editing images, text, and graphics. With so many options available in the market, choosing a reliable and genuine online PDF editor becomes difficult. Are you looking for the best free online PDF editor for your needs? If yes is your answer, then here you would come to know about the best free Online PDF editor right now!

### Smallpdf Online PDF Editor

It is one of the most famous and genuine free online PDF Editors available in the market for users worldwide. It is also one of the fastest ways to add text, images, shapes, or your signature to a PDF is with Smallpdf.

This site is free to use, and you do not have to pay anything for using it at all. The website allows you to upload a PDF, make changes to it, and then save it back to your PC without making a user account or paying for any advanced features.

By using this website, you would be able to open and save your PDF to your Google Drive account or Dropbox. As a user, you can easily import three shapes into a PDF with Smallpdf; a circle, square, or an arrow.

It would be better for you to understand that all text sizes can be small, tiny, large, normal, or huge, but three font types are available. It is easy to change the color of any text you want. After completing editing the PDF, you need to click on the download button to decide where you want to save it; you can also store it on Dropbox.

Try Smallpdf Editor

### Sejda Online PDF Editor

It is also one of the most famous and genuine free online PDF editors available for users. It allows you to edit the pre-existing text in the PDF without adding a watermark. You do not have to worry about watermarks while using this website for sure. Most editors allow you to edit the text but then put watermarks all over the place.

This online editor can run in your web browser, so it is very easy to get going without downloading any tools. You can even get the desktop version if you want. The desktop version runs on Windows, Linux, and macOS. You are not going to face any issues while using it at all. All the uploaded files are deleted automatically from Sejda after 2 hours. You should note that this online PDF editor works smoothly no matter which OS you will use.
