In brief

Include Twitter Tweets on your website using JQuery.

Include Twitter Tweets on your website using JQuery.

Step 1 : Include JQuery for twitter in your file. You can download it from here.

Step 2 : Include the script in your site

//

Step 3 : Include a div in the area where you wish to include the Tweets

Where the class 'tweet' is the class defined in the script.

Replace 'username' field with your twitter username.

Control the feed count by the field 'count'
